Hi Ali,

That's fine. I just don't want multiple payments or I will have to send her a 1099 at the end of year. Just make sure you account for payments made to her under your corporation.

We are getting Corporate account under Python Leads-

Can we transfer this payment to Jacquelyn's Personal Account and then by the next payment we will have Corporate account under Python Leads.

Possible?

Hi Ali,

I see the issue. You have funds going directly to Jacquelyn in a personal account. Does Python not have a corporate account?

Thank You,

Good Morning Ali,

You're banking information has kicked back due to "type". Is this a savings account rather than a checking, or did you provide wire routing rather than checking routing information?

Please confirm.
